I assume Fred has already forwarded this to you -- but just in case he has not.

Fred,
For review. This is the draft analytical services request which includes the parameters to be done by OASQA. I was waiting until we finalized the list of parameters to submit it. I received an e-mail from Stevie that the EPA Region 9 lab would be doing the DRO/GRO/Dissolved gases by RSK-175. I can add those to this draft or submit a separate request for the parameters to be done by Region 9.
